A stall is a workplace covered by health and safety legislation. As the stallholder it is your responsibility to ensure that a suitable and sufficient risk assessment is completed. Failure to do so could lead to delays or ultimately the closure of your stand. This template is for a simple stall which does not require any structural approval from the organiser.

Does your stall include any of the following? If so you must complete the risk assessment part 2

Responsibilities	Yes	No
Lifting heavy products during the build-up/breakdown		
Working at height (using ladders)		
Display of anything containing liquid fuel or flammable substances

Food service of any kind other than sweets, snacks or soft drinks		
Working machinery of any kind even if static

Any other hazard not identified above which could be a risk		

Please note that is not an exhaustive list. You are responsible for identifying any aspect of your stand which could present a hazard. If you have answered YES to any of the above, please complete the risk assessment part 2.
